About Me

Full Stack Web Developer with hands-on experience in building responsive, scalable web applications using modern technologies. With a strong foundation in both frontend and backend development, I specialize in creating intuitive user interfaces and robust APIs. I enjoy solving complex problems, optimizing performance, and delivering clean, maintainable code. Fast learner, collaborative, and focused on turning ideas into real-world solutions that add value.

WORK EXPERIENCE

front-end developer intern

july 2024 - Octo 2024

Efuye Gela software Company

- Contributed to the development of modern web interfaces using React.js, Redux, and Tailwind CSS. Gained practical experience in responsive design, component-based architecture, and real-world software development workflows.

back-end developer intern

Nov 2024 - Jan 2024

Efuye Gela software Company

- Worked on server-side development using Node.js, TypeScript, Prisma, and MySQL. Assisted in designing APIs, managing relational databases, and implementing scalable backend logic.
