- Problem-Solving
- Independent & Accountable
- Communication & Teamwork
- Adaptable & Fast Learner

LANGUAGES

- Amharic (Native)
- English (Fluent)

ABOUT ME

Full Stack Developer with 2+ years of experience building and deploying web and mobile applications with TypeScript, React, Node.js, NestJS, PostgreSQL, and Flutter. Skilled in REST APIs, database design, and third-party integrations, with proven experience delivering clean, secure code in remote teams.

EDUCATION

Bachelor of Science in Computer Science OCT 2022 – JUN 2025
Bahir Dar University
CGPA: 3.78

WORK EXPERIENCE

Full Stack Developer MAR 2026 – PRESENT
Vintage Technology

- Developed **delivery**, **ride-hailing**, and **job portal** applications across backend, web, and mobile.
- Built REST APIs using **NestJS** with **PostgreSQL** and **MongoDB**.
- Developed **React.js** admin dashboards and **Flutter** mobile applications.
- Integrated payment, mapping, and SMS services.
- Wrote tests with **Jest** and documented APIs with **Swagger**.

Full Stack Software Developer AUG 2025 – MAR 2026
E-Tech Share Company

- Developed and maintained features for healthcare management systems.
- Built web interfaces, backend APIs, and business logic.
- Designed and maintained database functionality for application features.
- Integrated the system with laboratory machines for handling test results.

Backend Developer OCT 2024 – JUL 2025
Efuyegella Technology · Remote

- Developed RESTful APIs and backend services using **NestJS**, **Node.js**, and **PostgreSQL**.
- Designed database schemas and implemented backend business logic.
- Integrated third-party APIs and services.
- Wrote unit tests and fixed backend issues.
